KUVO, which is derived from “cuvée”, the French equivalent for “blend”, is a stunning multi-concept space to wine and dine right in the heart of Orchard Road.

### **Interior**

Spanning over 9,000sqft, the interior design blends the traditional appeal of Japanese shoji screens with modern contemporary styles to exude comfort and warmth in a welcoming ambience, and an open concept that allows flexible use of the venue for any hosted events despite the size of the party.

### **Ambrosia I & II and Gazebo**

With a delectable spread of International cuisine, the main dining space at KUVO seats up to 80 persons, over two separate wings. Adding a touch of exclusivity to the posh indoor environs of Ambrosia, there is the Gazebo within framed by wooden sliding doors that are Shoji-inspired with latticed panels to open up or close off the areas.
